1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- (I) In claim 1, line 6; claim 10, line 8; claim 16, line 22 and claim 24, line 28; after "determining", the word "whether" has been deleted respectively.
- (II) In claims 3-5, 7-9, 11-15, 18-19, 21-23, 26-27 and 29-31, all on line 1, after "wherein", the word --said-- has been inserted respectively.
- (III) In claim 3, line 2, before "acceleration", "an" has been changed to --the--.
- (IV) In claims 6, 20 and 28, all on line 1, after "wherein", the words --the step of-- have been inserted.

- (VI) In claims 17 and 25, both on lines 1-2, after "wherein", the phrase "determining an acceleration of the aircraft includes determining an acceleration condition" has been changed to --the acceleration condition of the aircraft is determined-- respectively.

2. The following is an examiner's statement of reasons for allowance:

The claimed method and system for controlling a fuel flow to an engine of an aircraft by (1) comparing the aircraft acceleration condition with a threshold at which normal fuel fluid

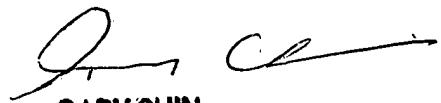

characteristics begin to become unpredictable, (2) comparing the acceleration condition with a time-based acceleration profile, (3) determining the aircraft is about to enter a prolonged negative acceleration, (4) maintaining normal fuel control and (5) initiating an alternate fuel source to the engine after a predetermined amount of time has passed, have neither been taught nor made obvious by the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
